Since 1365.

The University of Vienna is internationally renowned for its excellence in teaching and research, and counts more than 7,500 academics from all disciplines. This breadth of expertise offers unique opportunities to address the complex challenges of modern society, to develop comprehensive new approaches, and educate the problem-solvers of tomorrow from a multidisciplinary perspective.

At the Faculty of Life Sciences, the University of Vienna seeks to appoint a

## **Tenure-Track Professor in the field of Modern Methods in Drug Synthesis**

### **The position:**

The successful candidate has a multidisciplinary background in pharmaceutical sciences, medicinal or organic chemistry, with expertise in developing novel state-of-the-art methods for the synthesis of potential drug molecules. We welcome applications from candidates developing and employing diverse methodologies, from automated synthesis of compound libraries, flow chemistry, peptides and peptidomimetics, to new methods for late-stage functionalization of molecules. Preference will be given to candidates whose research interests lie within at least one of the research focus areas at the Department of Pharmaceutical Sciences, which are translationally-oriented neuroscience, disease mechanisms (e.g. chronic pain, cerebrovascular diseases, infectious diseases, inflammation), and aging. Outstanding candidates in related fields will also be considered.

### **Your academic profile:**

- Doctoral degree/PhD
- Two years of international research experience during or after doctoral studies
- Outstanding research achievements, excellent publication and funding record, international reputation
- Experience in designing of and participating in research projects, ability to lead research groups and acquire third-party funding
- Enthusiasm for excellent teaching and supervision at the bachelor's, master's, and doctoral level

We expect the successful candidate to acquire, within three years, proficiency in German sufficient for teaching in bachelor's programmes and for participation in university committees.

### **We offer:**

- the opportunity to obtain a permanent position and eventual promotion to full professor; the initial contract as Assistant Professor is limited to six years, after positive evaluation of a qualification agreement the contract becomes permanent as Associate Professor; Associate Professors can be promoted to Full Professor through an internal competitive procedure.
- a dynamic research environment
- a wide range of research and teaching support services

- attractive working conditions in a city with a high quality of life
- an attractive salary according to the [Collective Bargaining Agreement for University Staff](#) (level A2) and an organisational retirement plan
